Certification Course Exam

Test Description

- ♦ The exam is a combination of information taken from the 3rd party Evaluation and the EZY 3 Locator Plus operations Manual. The format of the test consists of essay questions and the completion of Estabrook Data Sheets.
- ♦ The test content covers what a technician needs to do to prepare and test a tank and/or line out in the field; home heating oil or gas station location
- ♦ The test is given after completion of the 3-day training course. The instructor is in the room while the technicians are given the exam to monitor activity. The tests are graded as soon as the technicians have completed the exam.
- ♦ A technician is not allowed to miss more than three (3) questions on the exam to achieve a passing grade and be certified by Estabrook's, Inc.

Certification Information

- ♦ Certifications are issued following course completion and passing the exam.
- ♦ Certifications are valid for two years.
- ♦ Recertification exams may be taken on-line and can be found on our website www.ezychek.com.
- ♦ Recertification fee is \$625.00 per technician.
